Dear Parents and Residents,

As you are aware The Challenger Multi Academy Trust consulted with the local community prior to the Easter holidays, regarding the construction of a new perimeter fence around Daubeney Academy and Springfield Primary School.

As a result of the consultation a number of changes have been made to the original plans for the fence. These changes have been discussed with Bedford Borough Council and full approval has been given for the scheme. Changes are highlighted below along with more detailed maps / plans which we hope show more clearly exactly where the fence will be built. The information regarding the perimeter fencing will also be uploaded to the academy websites and the diagrams on these platforms should be even clearer than those enclosed.

The fence will be 1.8 meters high and built mainly of green mesh as shown below.

V MESH FENCING EXAMPLE

Fence post locations are planned to be at 3m intervals but will be adjusted as necessary in order to avoid tree roots etc. The concrete used in the fence post foundation will be fast setting and encapsulated in plastic to avoid contamination of the soil, trees and vegetation. As far as possible the fence will be positioned behind existing hedges.

Main changes from the original proposals:

Laurel Walk (Viewpoint 1)

- The fence line now runs 6m away from the pathway and 6m away from the flower border opposite number 42.
- The new fence will now join with the existing fence at the entrance to The Lodge Playgroup. The existing fence will be retained down to the existing pedestrian entrance into Daubeney which will be widened (see viewpoint 2)

Daubeney Car Park (Viewpoint 2)

- The new fence will be constructed along the northern boundary of the car park.
- The western edge will run 0.5m away from the pathway off Orchard Street.

Daubeney vehicle entrance / Springfield Orchard Street access (Viewpoint 3)

- An additional pedestrian entrance has been added to Daubeney. This will be separated from the car park.
- The fence at the front of Springfield will run behind the existing hedge.
- The fence along Spruce Walk will run behind the trees and behind the existing hedge.

Spruce Walk / side of Chantry Avenue (Viewpoint 4)

- The fence along Spruce Walk and along the side of Chantry Avenue will run behind the trees and behind the existing hedge.

Back of Chantry Walk (Viewpoint 5)

- The fence will now be positioned 15m away from the pathway. It will run behind the copse of trees marked on the map.

Chantry Walk / Playing fields (Viewpoint 6)

- A new double vehicle gate will be added approximately opposite number 118 Chantry Avenue. This will only be opened to allow access for emergency services.
- The fence line will allow a 4m wide footpath to skirt around the outside of the fence on the southern boundary with the Playing field.

Playing fields (Viewpoint 7)

- The fence line will be constructed approximately 43m away from the furthest existing fence at Daubeney. This will take a line almost parallel with number 42 Laurel Walk and intersect in the southern boundary with the fence line that allows for a 4m footpath.

The construction of the fence will take approximately 4 weeks.
Construction will start at some point in May 2019.
